

2024 December Impact Report

Supporting Animals in Ukraine –
Updates on Aid and Future Initiatives.

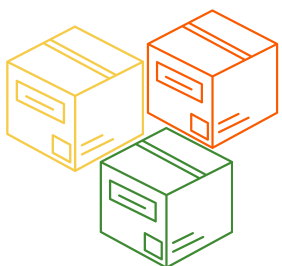

Executive SUMMARY

We received **18 requests** for assistance in December

Processed a total of 41 cases, including some from previous months

Sent 500 kg of humanitarian aid to different regions of Ukraine ensuring vital supplies reach those in need
(further details can be found on page 4)

Sterilized 14 cats and 10 dogs as part of our initiative in Kryvyi Rih at a **total cost of 12,728 SEK (29,275 UAH)**.

Executive SUMMARY

Took part in 3 events
to present our organization

Engaged 13 volunteers to
support our efforts, contributing
their time and energy to help
achieve our mission

We **approved an additional 25 sterilizations** due to high demand and have **now completed the program in Kryvyi Rih.**

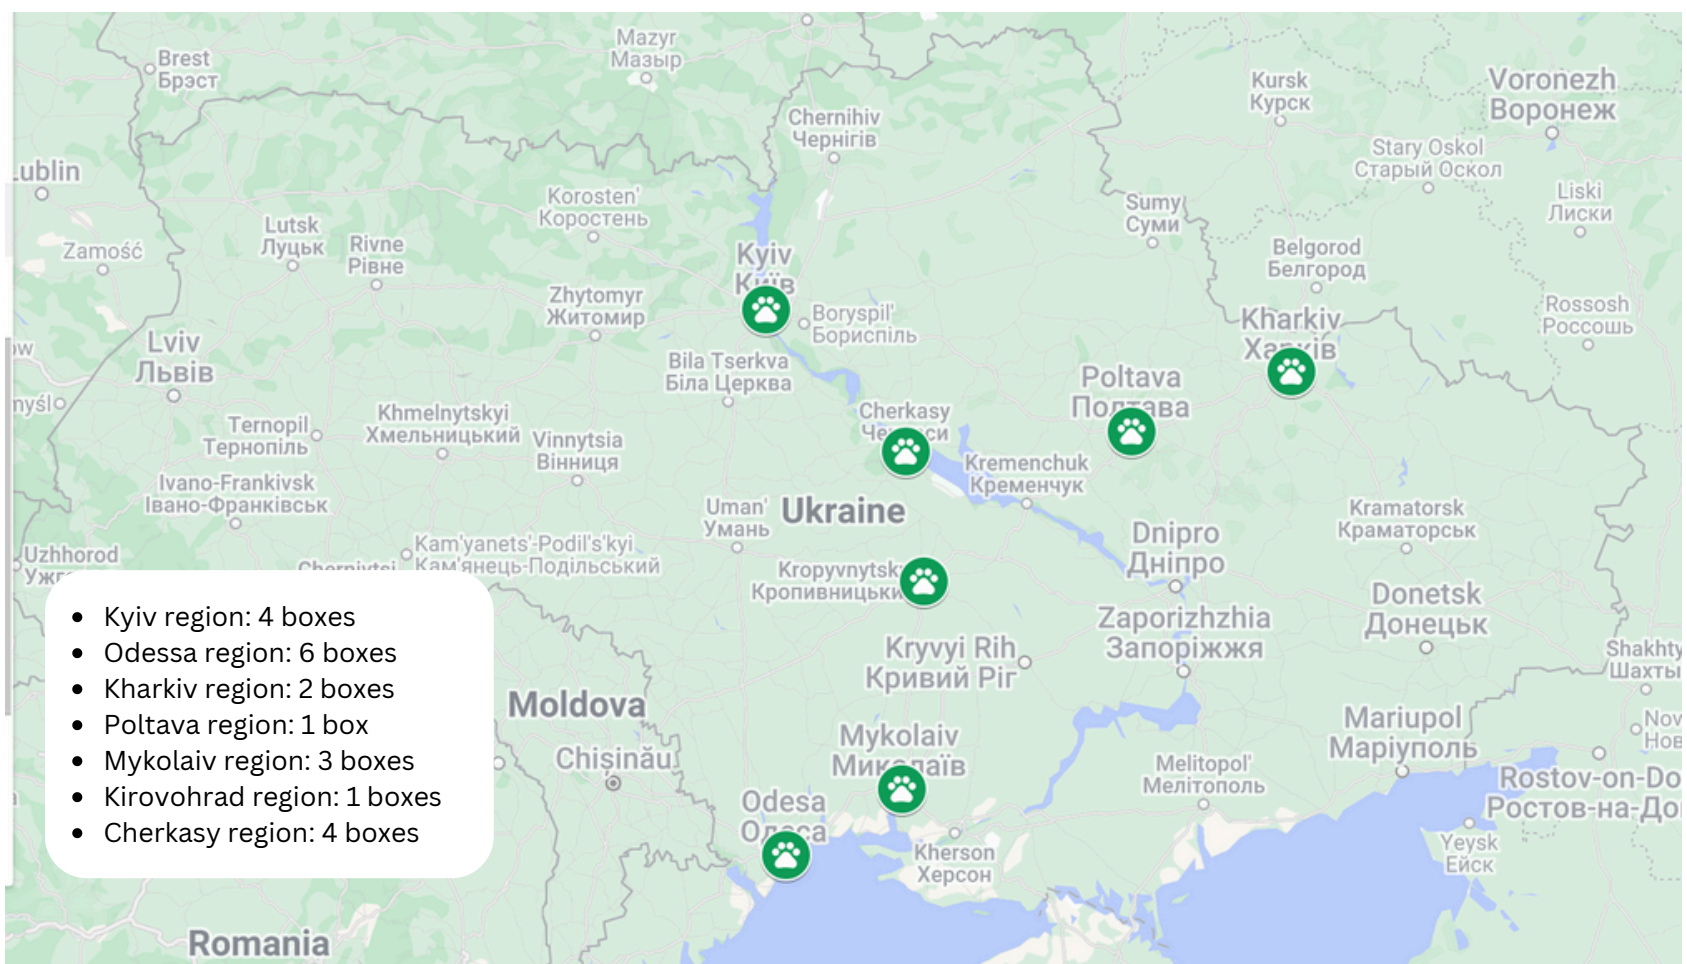

Meanwhile, we are **launching a new initiative in Cherkasy!** Our efforts to reduce the stray animal population continue to grow (*more details on pages 5-6*)

Impact overview

Impact overview

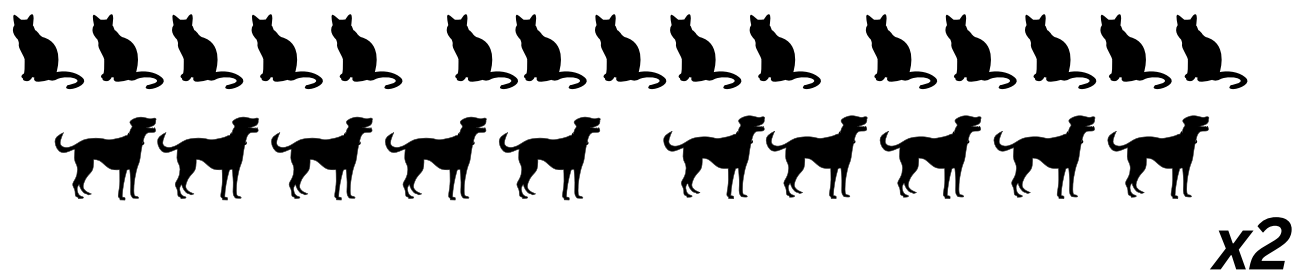

STERILIZATION AND HEALTHCARE EFFORTS

Sterilization project in Kryvyi Rih, Ukraine

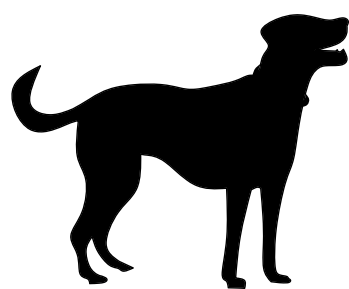

October - December

Initial goal **25 animals + 25 additional:**

(15 cats and 10 dogs) x2

Sterilization cost

Dog sterilization

~ 265 to 992 SEK

depending on the animal's
gender and weight

Cat sterilization

~ 187 to 309 SEK

depending on the animal's gender
and condition, such as pregnancy

We have approved **25 additional sterilization procedures**, bringing the total to **50 animals** in this initiative. However, the demand remains high. With your support, **we can continue this vital program and address the ongoing issue of stray animal overpopulation.**

***Donations to the Paws of Peace account with the comment
“Sterilization” will help us expand this work.***

Future plans

STERILIZATION AND HEALTHCARE EFFORTS

Sterilization Project in Cherkasy, Ukraine

Our animal sterilization initiative in Cherkasy is in preparation. This project will focus on sterilizing both stray animals and pets from low-income families.

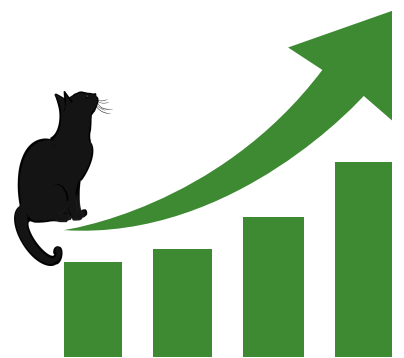

While we are laying the groundwork for this initiative, our goal is to make a lasting impact. However, financial constraints may limit the number of animals we can help.

We believe that with additional support, we can expand our efforts and apply our experience to more communities in Ukraine. This would allow us to address the issue of stray animal overpopulation more effectively and improve conditions for both animals and local residents.

We are open to collaboration and deeply appreciate any support that can help us bring this project to life.

Why is this so important?

Each sterilized animal means fewer kittens and puppies born to life on the streets, and controlling the stray population is our responsibility to society.

Gratitude

TO OUR DONORS AND VOLUNTEERS

A huge thank you to our incredible donors and volunteers for standing with us throughout December!

Your kindness and dedication have made it possible to bring lifesaving help to animals in need. We deeply appreciate our partners, whose hard work and commitment have strengthened our mission and kept our fundraising efforts moving forward.

One of the biggest achievements this month has been the progress of our sterilization program, tackling the issue of stray animal overpopulation at its core. Thanks to your ongoing support, we can continue expanding this crucial work and creating lasting change!

Together, we are making a real difference – let's keep going!
