

2024 November Impact Report

Supporting Animals in Ukraine –
Updates on Aid and Future Initiatives.

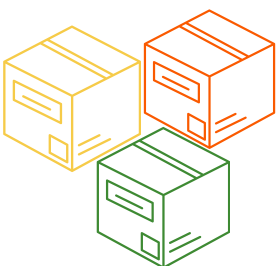

Executive SUMMARY

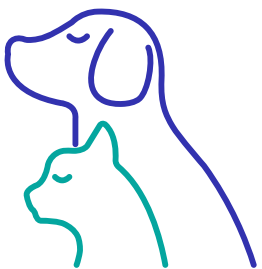

We received **36 requests** for assistance in November

Processed a total of 78 cases, including some from previous months

Sent 1200 kg of humanitarian aid to different regions of Ukraine ensuring vital supplies reach those in need (further details can be found on page 4)

Sterilized 8 cats and 2 dogs as part of our initiative in Kryvyi Rih at **a total cost of 2,770 SEK (10,580 UAH)**. The initiative is ongoing.

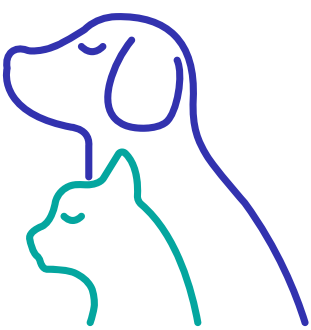

Executive SUMMARY

Took part in 9 events
to present our organization

Engaged 12 volunteers to
support our efforts, contributing
their time and energy to help
achieve our mission

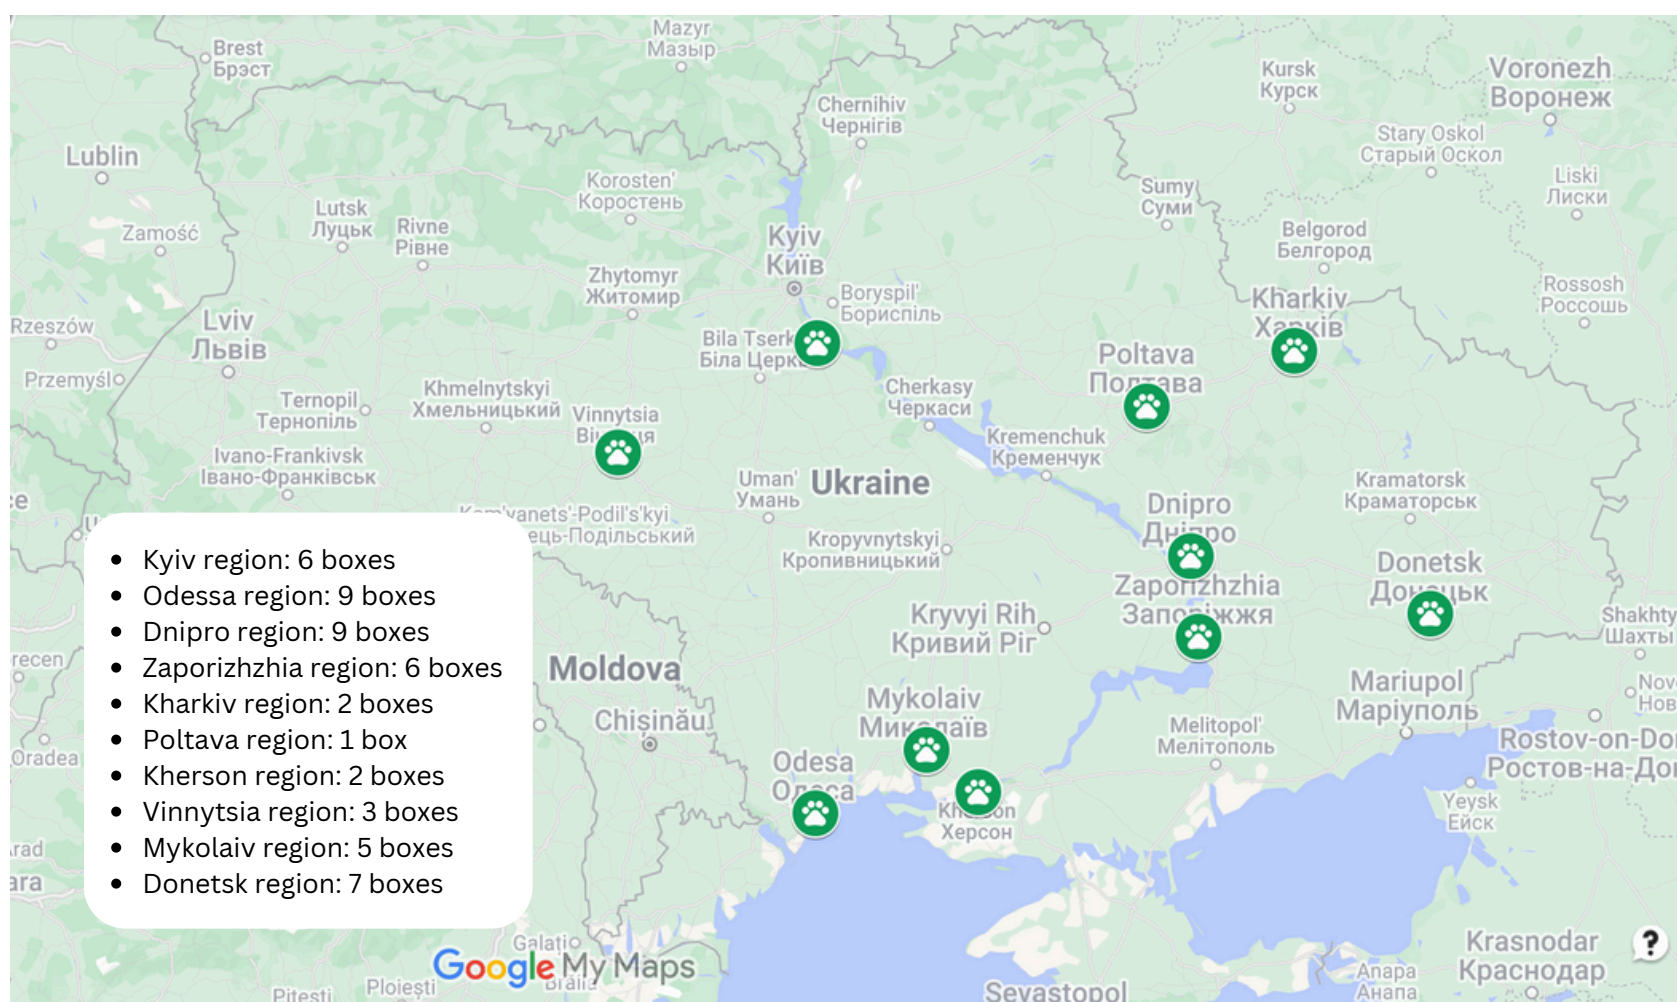

We **continue implementing the sterilization project in Kryvyi Rih** while expanding our educational outreach and **aiming to broaden the initiative.**

Impact overview

PAWS
OF
PEACE

AID SENT

In November we sent **50 boxes** of humanitarian aid with a total weight of **1200 kg** to several regions across Ukraine. The aid was distributed as follows:

Impact overview

STERILIZATION AND HEALTHCARE EFFORTS

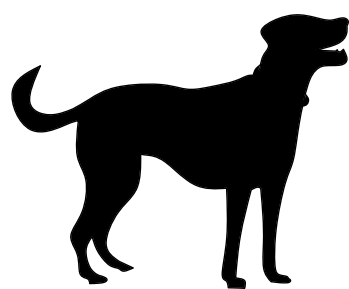

Sterilization project in Kryvyi Rih, Ukraine

October - ongoing

Initial goal **25 animals:**
15 cats and 10 dogs

Sterilization cost

Dog sterilization
~ 265 to 992 SEK

depending on the animal's
gender and weight

Cat sterilization
~ 187 to 309 SEK

depending on the animal's gender
and condition, such as pregnancy

We have arranged **25 sterilization procedures** so far but would like **to continue with your support**, as the demand for this program is high and the issue of stray animal overpopulation remains critical.

Donations to the Paws of Peace account with the comment "Sterilization" will help us expand this work.

Future plans

STERILIZATION AND HEALTHCARE EFFORTS

Sterilization Project in Kryvyi Rih, Ukraine

Our animal sterilization initiative in Kryvyi Rih is underway. While we initially planned to sterilize 25 animals, we aim to expand our efforts. However, financial constraints limit our capacity.

We believe that with additional support, we can sterilize more animals and extend our experience to other cities in Ukraine. This would help us tackle the issue of stray animal overpopulation more effectively and improve conditions for both animals and the community.

We are open to collaboration and deeply appreciate any support that can help us realize this important initiative.

Why is this so important?

Each sterilized animal means fewer kittens and puppies born to life on the streets, and controlling the stray population is our responsibility to society.

Gratitude

TO OUR DONORS AND VOLUNTEERS

A heartfelt thank you to all the amazing donors and volunteers who supported us throughout November.

Your generosity has allowed us to provide critical aid to animals impacted by the hardships of war. We are deeply thankful **to our dedicated partners**, whose efforts have strengthened our mission and boosted vital fundraising.

One key highlight has been our sterilization project, which addresses the root causes of animal suffering by managing stray populations. **With your continued support, we hope to sustain and expand this essential initiative together.**

Let's keep the momentum going and continue making a meaningful impact – there's still so much we can achieve!
