

# 2025 January Impact Report

Supporting Animals in Ukraine –  
Updates on Aid and Future Initiatives.

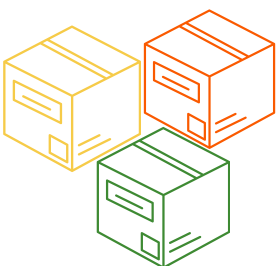

# *Executive* SUMMARY

We received **48 requests** for assistance in January

**Processed a total of 61 cases**, including some from previous months

**Sent 2235 kg of humanitarian aid** to different regions of Ukraine ensuring vital supplies reach those in need  
*(further details can be found on page 4)*

**Sterilized 11 cats** as part of our initiative in Kryvyi Rih at a **total cost of 2,578 SEK (10,600 UAH)**.

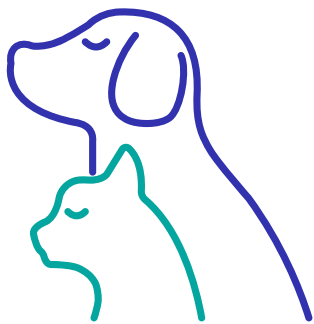

# *Executive* SUMMARY

**Took part in 2 events**  
to present our organization

**Engaged 13 volunteers** to support our efforts, contributing their time and energy to help achieve our mission

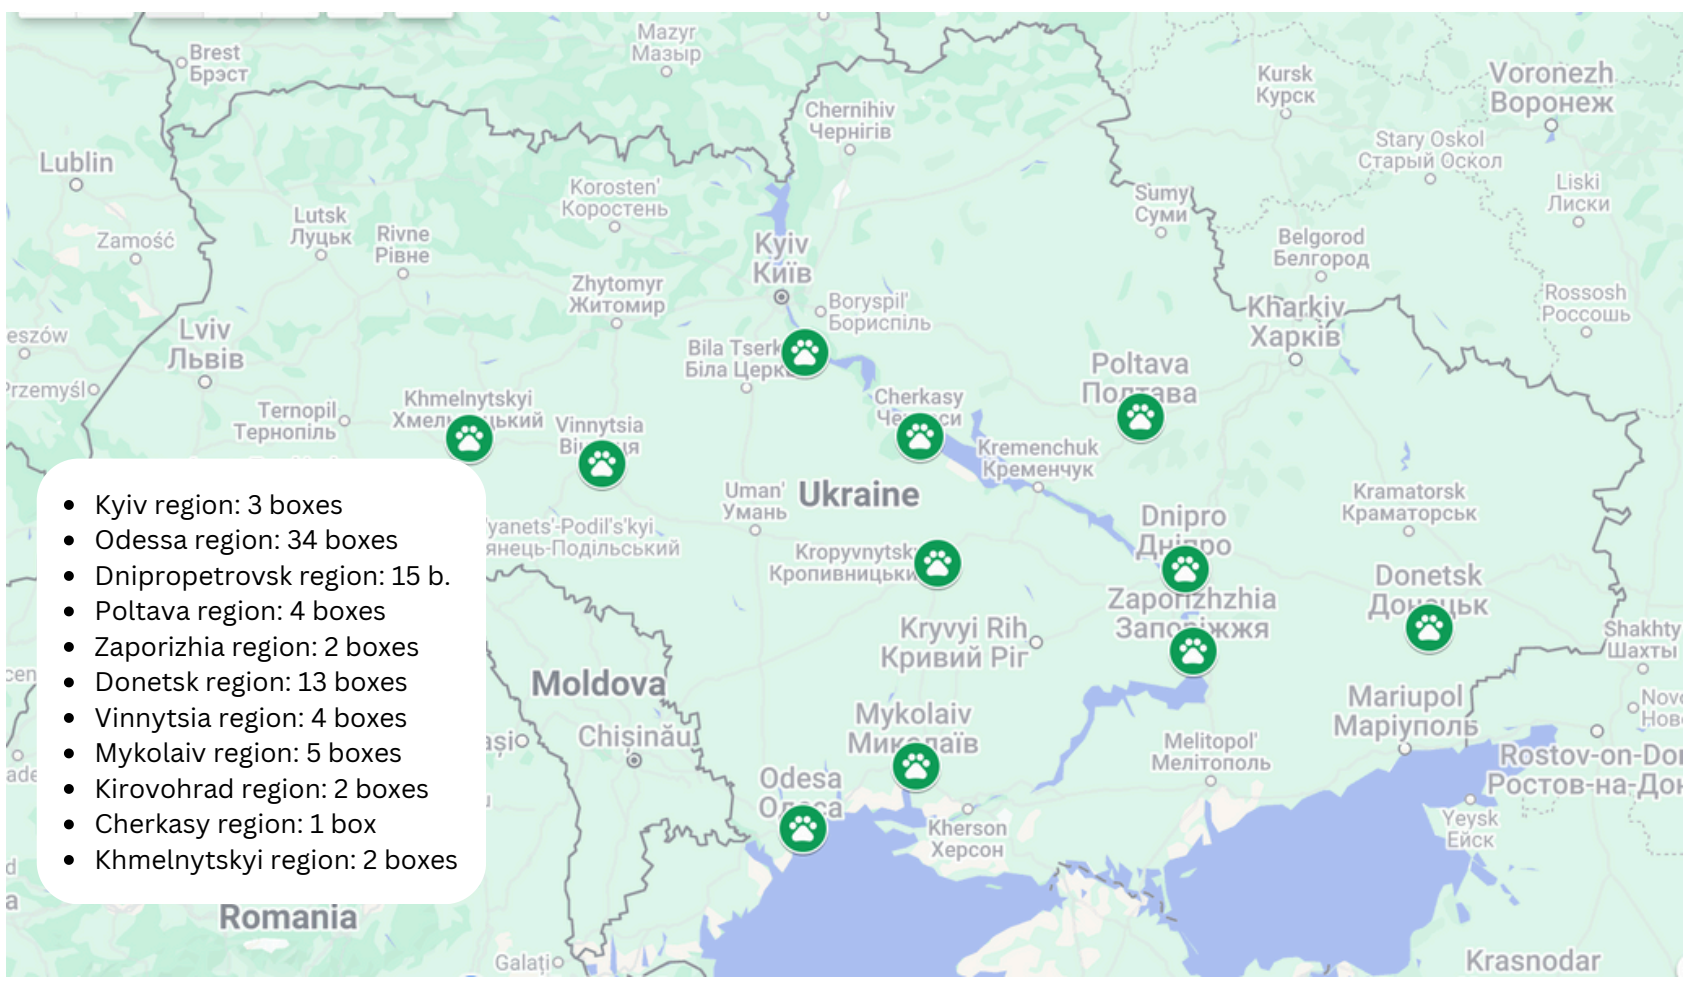

The sterilization program in **Kryvyi Rih is ongoing**, following our commitment to 50 animals. Meanwhile, sterilizations **have begun in Cherkasy, with 25 applications already received.** We are now discussing extending the project to 50 animals (*more details about the program on pages 5-6*)

# Impact overview

# AID SENT

In December we sent **85 boxes** of humanitarian aid with a total weight of **2235 kg** to several regions across Ukraine. The aid was distributed as follows:

## STERILIZATION AND HEALTHCARE EFFORTS

### **Sterilization project in Kryvyi Rih, Ukraine**

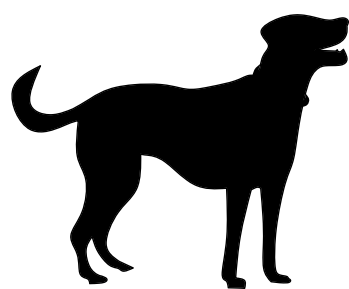

*October 2024 - January 2025*

Initial goal **25 animals + 25 additional:**

**(15 cats and 10 dogs) \*2**

### **Sterilization cost**

**Dog sterilization**  
**~ 265 to 992 SEK**

depending on the animal's  
gender and weight

**Cat sterilization**  
**~ 187 to 309 SEK**

depending on the animal's gender  
and condition, such as pregnancy

We have approved **25 additional sterilization procedures**, bringing the **total to 50 animals** in this initiative. However, the demand remains high. With your support, **we can continue this vital program and address the ongoing issue of stray animal overpopulation.**

*Donations to the Paws of Peace account with the comment  
"Sterilization" will help us expand this work.*

## *Future plans*

# STERILIZATION AND HEALTHCARE EFFORTS

## **Sterilization Project in Cherkasy, Ukraine**

Our animal sterilization initiative in Cherkasy **is underway, focusing on both stray animals and pets** from low-income families. We have already **received 25 applications** and are working **to expand the program to 50 animals**.

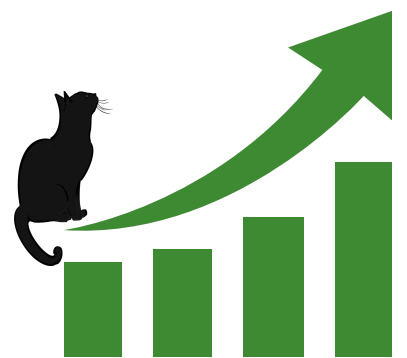

**While we are making progress, financial constraints may limit the number of animals we can help!**

With additional support, we can extend our efforts and bring this initiative to more communities in Ukraine. This would allow us to address stray animal overpopulation more effectively and improve conditions for both animals and local residents.

**We welcome collaboration and deeply appreciate any support that can help us sustain and grow this project!**

## **Why is this so important?**

Each sterilized animal means fewer kittens and puppies born to life on the streets, and controlling the stray population is our responsibility to society.

# Gratitude

## TO OUR DONORS AND VOLUNTEERS

**A HUGE THANK YOU TO OUR INCREDIBLE DONORS, VOLUNTEERS, AND PARTNERS FOR STANDING WITH US THROUGHOUT JANUARY!**

Your generosity and dedication have given countless animals **a chance at a better life!** Thanks to your support, we have been able **to move forward with our sterilization initiatives**, preventing more animals from being born into suffering on the streets.

This month, we've taken important steps in both **Kryvyi Rih and Cherkasy**, expanding our impact and laying the groundwork for even greater change. And in an incredible effort, we successfully **sent 2,235 kg of humanitarian aid to shelters** in need – ensuring that animals have food, warmth, and essential care! But there is still so much to do!

**Please continue to support, share, and spread the word – together, we can save even more lives!**
