# *Executive* SUMMARY

We received **49 requests** for assistance in February

**Processed a total of 65 cases**, including some from previous months

**Sent 1289 kg of humanitarian aid** to different regions of Ukraine ensuring vital supplies reach those in need  
*(further details can be found on page 4)*

**Sterilized a total of 36 cats as part of our initiative in Kryvyi Rih** (5 cats) and in Cherkasy (31 cats) at a **total cost of 5,617 SEK (24,100 UAH)**.

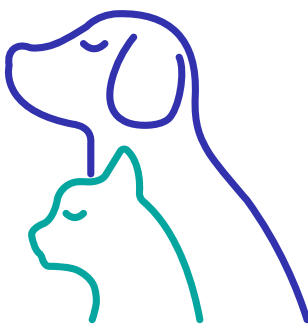

# *Executive* SUMMARY

**Took part in 6 events**  
to present our organization

**Engaged 19 volunteers** to support our efforts, contributing their time and energy to help achieve our mission

The **sterilization project in Kryvyi Rih is complete** – 50 animals sterilized with **funding of 55,714 ukrainian hryvnas (UAH) = 12,745 SEK.**

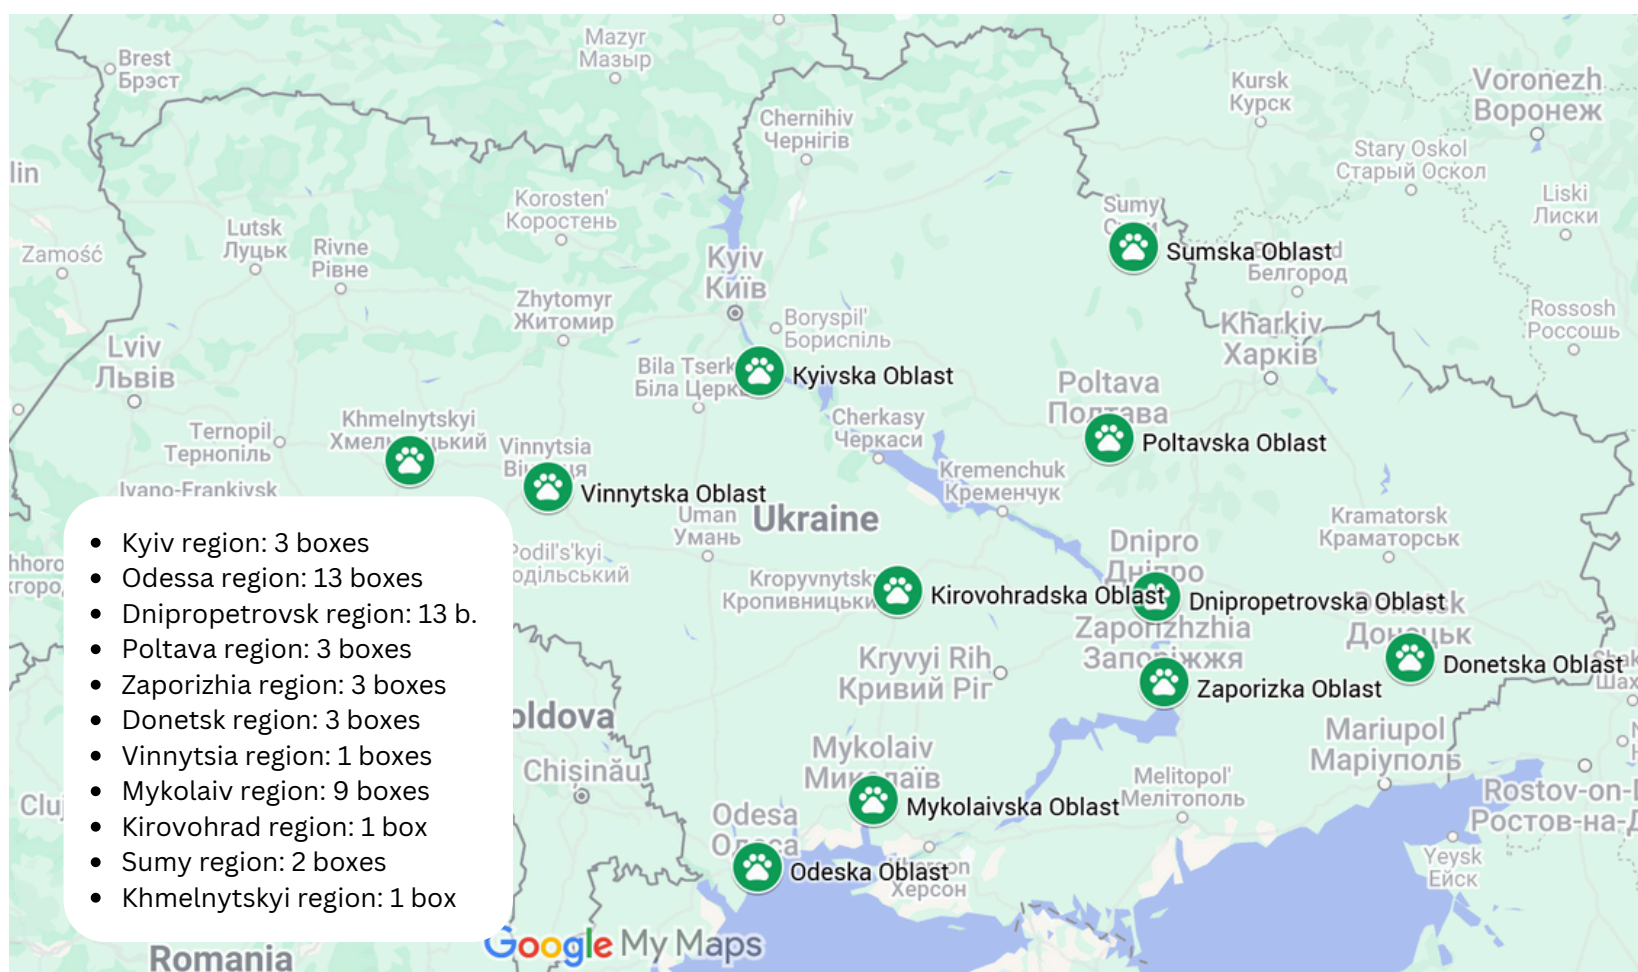

In **Cherkasy, the program continues.**  
(Details on pages 5–6.)

# Impact overview

PAWS  
OF  
PEACE

# AID SENT

In February we sent **52 boxes** of humanitarian aid with a total weight of **1289 kg** to several regions across Ukraine. The aid was distributed as follows:

# *Impact overview*

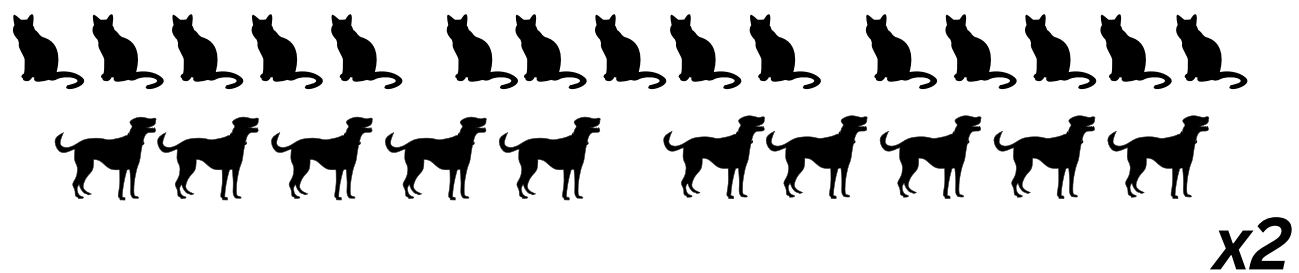

## STERILIZATION AND HEALTHCARE EFFORTS

### **Sterilization project in Kryvyi Rih, Ukraine**

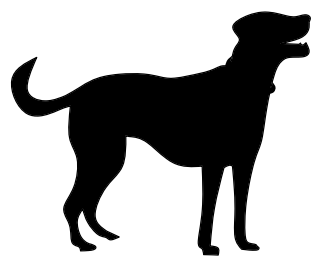

*October 2024 - February 2025*

Initial goal **25 animals + 25 additional:**

**(15 cats and 10 dogs) \*2**

### **Sterilization cost**

**Dog sterilization**

**~ 265 to 992 SEK**

depending on the animal's  
gender and weight

**Cat sterilization**

**~ 187 to 309 SEK**

depending on the animal's gender  
and condition, such as pregnancy

We successfully **completed this sterilization program in February 2025**, with the final 5 cats sterilized – **bringing the total to 50 animals**. However, our goal remains **to sterilize as many animals as possible to combat overpopulation**. Please follow our ongoing initiatives and consider supporting us financially with the note *"animal sterilization"* to help us continue this vital work.

*Donations to the Paws of Peace account with the comment  
"Sterilization" will help us expand this work.*

## *Future plans*

# STERILIZATION AND HEALTHCARE EFFORTS

## **Sterilization Project in Cherkasy, Ukraine**

Our animal **sterilization initiative in Cherkasy is ongoing**, focusing on both stray animals and pets from low-income families. **In February, we sponsored sterilization procedures for 31 animals** (both male and female cats). We continue working toward our **goal of reaching 50** sterilizations in this program.

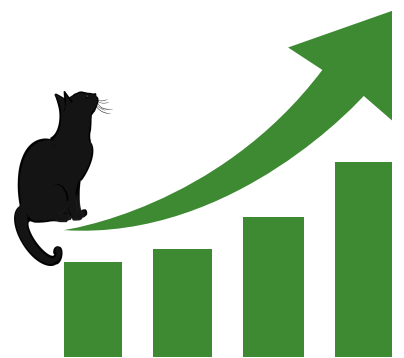

**While we are making progress, financial constraints may limit the number of animals we can help!**

With additional support, we can extend our efforts and bring this initiative to more communities in Ukraine. This would allow us to address stray animal overpopulation more effectively and improve conditions for both animals and local residents.

**We welcome collaboration and deeply appreciate any support that can help us sustain and grow this project!**

## **Why is this so important?**

Each sterilized animal means fewer kittens and puppies born to life on the streets, and controlling the stray population is our responsibility to society.

# *Gratitude*

## TO OUR DONORS AND VOLUNTEERS

**A HEARTFELT THANK YOU TO OUR AMAZING SUPPORTERS AND VOLUNTEERS!**

In February, your kindness made it possible to **deliver 1,289 kg of humanitarian aid** to shelters across Ukraine, bringing food, warmth, and comfort to animals in need.

Thanks to your support, we also **completed our sterilization initiative in Kryvyi Rih** – a total of **50 animals** received care and protection. **In Cherkasy, the work continues:** 31 cats were already sterilized this month as part of our ongoing project.

We were also proud **to welcome 19 incredible volunteers** into our mission – every helping hand makes a difference!

**Let's keep going!**

**Your continued support allows us to expand to new cities, reach more animals, and build a more compassionate future!**
