Future plans

AWARENESS

Looking ahead, in April 2026 our team is focusing on **expanding awareness and community engagement** through participation in several key events in Sweden.

- We will take part in an **event at Arken Zoo** on April 11, where we aim to connect with visitors, share information about our ongoing work, and raise support for animals in need.
- On April 18, we will participate in a **themed day at Arsenalen** (Swedish Tank Museum), using this opportunity to highlight the impact of war on animals and the importance of continued humanitarian aid.
- Additionally, on April 22, we will be involved in the **screening of the film “Animals in War”**, an important initiative that helps raise awareness about the realities faced by animals affected by conflict.

Through these events, our goal is to strengthen community involvement, increase visibility of our mission, and continue building support for long-term assistance programs for animals in Ukraine.
